

B.M.S COLLEGE OF ENGINEERING
Autonomous Institute, Affiliated to VTU
Accredited by NAAC with 'A++'
Bull Temple Road, Bengaluru-560 019, Ph: 088-26622150-133 | www.bmsce.ac.in

DEPARTMENT OF CIVIL ENGINEERING
In Association with
Indian Society for Technical Education

One - Week Online FDP on
Structural Health Monitoring and its Implications
15th - 19th June 2020

ABOUT THE PROGRAMME
All structures, including critical civil infrastructure facilities like buildings, bridges and highways, deteriorate with time due to various reasons including fatigue failure caused by repetitive loads, effects of environmental conditions, and extreme events such as earthquakes. This requires not just routine or critical-event based inspections (such as an earthquake), but rather a means of continuous monitoring of a structure to provide an assessment of changes as a function of time and an early warning of an unsafe condition using real-time data. Thus, the health monitoring of structures has been a hot research topic of structural engineering in recent years. The SHM process involves the observation of a system over a time period, the collection of damage-sensitive features, and the statistical analysis of these features to determine the current state of system health. After subjected to extreme loadings, SHM is used for rapid condition screening and aims to provide, in near real time, reliable information regarding the integrity of the structure. This programme gives the basic concepts of damage detection and structural health monitoring systems including remedial measures adopted for different case studies.

Objectives and Outcomes of the Programme

- To introduce the participants with the concepts of Structural Health monitoring and its applications.
- Overview of the methods involved in detection, identification, assessment and monitoring of damages in structure.
- Learn about evaluation and failure prediction of structure.
- Learn about the remedial measures adopted towards the rehabilitation of structure.
- The current developments in structural health monitoring technologies of civil engineering structures.

Target Group
This programme is designed for practicing Engineers, Faculty members, Research scholars and Students of Engineering / Polytechnic colleges.

SPEAKERS

 <p>Dr. B.K. Raghu Prasad Former Professor, IIS Bangalore</p>	 <p>Dr. S.V. Chandramouli Professor, Civil Engineering Department FEU, Bengaluru</p>
 <p>Dr. S.C. Mohan BTS Pilot, Hyderabad</p>	 <p>Dr. Sobhaji Mandal IIT Roorkee</p>
 <p>Dr. S. Raghunath Professor, Civil Engineering Department B.M.S. College of Engineering</p>	 <p>Dr. A. Ramachandra Murthy Senior Principal Researcher BMSCE, Chennai</p>
 <p>Dr. S. Muralidhara Professor & Vice-Principal, B.M.S. College of Engineering</p>	 <p>Dr. P. Prasanna Kumar Professor & Head, Civil Engineering Department B.M.S. College of Engineering</p>
 <p>Dr. M.N. Hegde Dr. Ambedkar Institute of Technology</p>	 <p>Dr. Krishnan Kumar Ex-Normed, CSIR-CECRI Dean R&D, NCT</p>

PATRONS

Dr. G.V. Ravishankar,
Principal, BMSCE

Dr. S. Muralidhara,
Vice-Principal, BMSCE

ORGANIZING COMMITTEE

Dr. P. Prasanna Kumar,
Professor & Head, Dept. of Civil Engg., BMSCE

Dr. Rudra Naik
Professor, Dept. of Mechanical Engg., and President, ISTE-Chapter, BMSCE

Dr. C. Lakshmi Narayana,
Professor, Dept. of Electronics and Electronic Engg., and Secretary, B.TS-Chapter, BMSCE

PROGRAMME SCHEDULE

DATE	MORNING SESSION (10:00 am - 12:00 pm)	AFTERNOON SESSION (2:00 pm - 4:00 pm)
15-06-2020	Topic: An Overview of Structural health monitoring Speaker: Dr. B.K. Raghu prasad	Topic: Structural Monitoring of Civil infrastructure -Introduction and concept Speaker: Dr. S.V. Chandramouli
16-06-2020	Topic: Structural health monitoring under extreme loading Speaker: Dr. S.C. Mohan	Topic: Structural Health Monitoring Speaker: Dr. Sobhaji Mandal
17-06-2020	Topic: Repair and Rehabilitation of Masonry Building -A case study Speaker: Dr. S. Raghunath -BMSCE	Topic: Structural Behaviour of Retrofitted RC beams Speaker: Dr. A. Ramachandra Murthy
18-06-2020	Topic: Acoustic Emission Technique Speaker: Dr. S. Muralidhara -BMSCE	Topic: Study on Behavior & Life cycle of Earthen Structures Speaker: Dr. P. Prasanna Kumar
19-06-2020	Topic: Understanding the importance of performing structural damage assessment Speaker: Dr. M.N. Hegde -Dr. IIT	Topic: Online health monitoring of cable-stayed bridge Speaker: Dr. Krishnan Kumar

PROGRAMME COORDINATORS

<p>Dr. Rajana T Asst. Professor, Dept. of Civil Engg., BMSCE Mobile: 98 80094655 E-Mail: rajana.t@bmsce.ac.in</p>	<p>Prof. Vinay M.L. Gowda Asst. Professor, Dept. of Civil Engg., BMSCE Mobile: 98 80727197 E-Mail: vinaym@bmsce.ac.in</p>	<p>Dr. Manjunath R Asst. Professor, Dept. of Civil Engg., BMSCE Mobile: 98 80727098 E-Mail: manjunathr@bmsce.ac.in</p>	<p>Prof. Sandesh N.U Asst. Professor, Dept. of Civil Engg., BMSCE Mobile: 98 80112248 E-Mail: sandeshn@bmsce.ac.in</p>

https://docs.google.com/forms/d/e/1FAIpQLSjNtM_cJE0XXHjE5j2Wyyw6katschZ-edirYR3-mE8ms-dA/viewform?usp=sf_link

You are required to upload the screenshot of payment in the Google Form while registering.

Joining link:
shall be provided before each session

Bank Details:
Account Number: 20274181427
Account Name: HOD CIVIL ENGG
ALLAHABAD BANK
Hanumanth Nagar, Bangalore
IFSC: ALLA0212011

Mode:
Cisco Webex

Registration Fee:
ISTE Members Rs. 400/-
NON ISTE Members Rs. 500/-

E-CERTIFICATE WILL BE PROVIDED TO ALL THE PARTICIPANTS ATTENDING THE PROGRAMME
