

ABOUT CONFERENCE

The conference aims to boost research in Network, Multimedia, and Information Technology worldwide. It also encourages knowledge sharing among researchers, developers, engineers, students, and practitioners. The event explores the latest trends and technologies in IT and provides a platform for young researchers to discover research opportunities in their respective areas.

ABOUT COLLEGE

BMSCE is the first private sector initiative in engineering education in India. Over the past 74 years of its illustrious existence, it has produced more than 40,000 engineers/leaders who have enriched the world through their contributions

ABOUT DEPARTMENT

The Computer Science and Engineering department at B.M.S college of engineering is widely recognized since 1983. Our focus is to shape students into skilled professionals, researchers, and innovators with strong technical knowledge and ethical values.

ICETCS 2024

**INTERNATIONAL CONFERENCE ON
EMERGING TECHNOLOGIES IN
COMPUTER SCIENCE FOR
INTERDISCIPLINARY APPLICATIONS**

22nd -23rd April 2024

TRACKS

TRACK 1

Track 1 Focuses on Artificial Intelligence and Machine Learning, including computer vision, deep learning, and applications in various fields.

TRACK 2

Track 2 is about multimedia, like image and video processing.

TRACK 3

Track 3 Explores Blockchain and Cyber Physical Systems, such as medical monitoring and blockchain security.

TRACK 4

Track 4 Is about system modeling and computing, including simulation techniques and modeling languages

TRACK 5

Track 5 Focuses on Natural Language Processing, including speech recognition, text processing, and NLP for biomedical texts

TRACK 6

Track 6 Explores Augmented Reality, Virtual Reality, and Robotics, with applications in medical treatment.

TRACK 7

Track 7 Delves into IoT and Communications, covering topics like healthcare te and smart agriculture

TRACK 8

Track 8 Is all about High Performance Computing, including distributed computing and supercomputers
